THE IMPORTANCE OF THE KEW COLLECTIONS: KILL OR CURE

PROF MONIQUE S.J. SIMMONDS

Saturday 9th December 2017
Starts at 11.00am (Coffee at 10.30am)

The Talk by the distinguished Deputy Director of Science at
The Royal Botanic Gardens, Kew

Come and hear Professor Simmonds provide an overview of how the unique and diverse collections at the Gardens have been used to further our knowledge about the medicinal uses of plants to treat diseases such as Aids, Cancer, Alzheimer's Disease, and Malaria as well as identify adulterated material entering the trade or being used in criminal activities.

£15 (£10 FOR FRIENDS)

to include coffee, a light lunch and a glass of wine
